

Township civil service system, which was adopted prior to the enactment of Act 246, P.A. 1965. In view of the answer to your first question, that Article XI, Section 6 of the Michigan Constitution of 1963 is self-executing as to townships, the civil service system of Taylor Township, adopted after the effective date of the 1963 Constitution, became effective and is not rendered nugatory by Act 246, P.A. 1965.

FRANK J. KELLEY,
Attorney General.

660829.1

BONDS: Qualified bonds of school districts.

CONSTITUTION OF 1963: School Bond Loan Fund.

SCHOOLS: Bond Loans.

STATE TREASURER: Payment of principal and interest on qualified school district bonds.

Authority of State Treasurer and procedures to be followed in paying from the School Bond Loan Fund principal and interest on qualified school bonds upon presentment by a bondholder.

No. 4508

August 29, 1966.

Hon. Allison Green
State Treasurer
Capitol Building
Lansing, Michigan

You have requested my opinion on what procedures should be followed by the state treasurer preparatory to making loans to local school districts which are unable to make payments on principal and interest of qualified school district bonds.¹

Loans to bonded school districts are authorized by Article IX, Section 16, Constitution of 1963, which in part contains the following pertinent language:

"If the minimum amount which would otherwise be necessary for a school district to levy in any year to pay principal and interest on its qualified bonds, including any necessary allowances for estimated tax delinquencies, exceeds 13 mills on each dollar of its assessed valuation as finally equalized, or such lower millage as the legislature may prescribe, then the school district may elect to borrow all or any part of the excess from the state. In that event the state shall lend the excess amount to the school district for the payment of principal

¹ In your letter of request you stated that you were familiar with Opinion No. 4422 issued by me on March 12, 1965, in which it was ruled that Article IX, Section 16, Constitution of 1963, requires school districts to borrow and the state to lend sufficient sums to cover debt service payments on qualified bonds of school districts but that this requirement is not a pledge of the full faith and credit of the state; the Municipal Finance Commission however may and must enforce the duty of the school district to borrow and have the state to lend the necessary amounts.

and interest. If for any reason any school district will be or is unable to pay the principal and interest on its qualified bonds when due, then the school district shall borrow and the state shall lend to it an amount sufficient to enable the school district to make the payment.

"The term 'qualified bonds' means general obligation bonds of school districts issued for capital expenditures, including refunding bonds, issued prior to May 4, 1955, or issued thereafter and qualified as provided by law pursuant to Section 27 or Section 28 of Article X of the Constitution of 1908 or pursuant to this section."

Article IX, Section 16, Constitution of 1963, is a continuation with minor revisions of the provisions relating to school bond financing which appeared in Sections 27 and 28 of Article X, Constitution of 1908. Section 27, Article X, Constitution of 1908, was proposed by joint resolution of the legislature in 1955 and approved by the people at the regular election of April 4, 1955. The loan provisions of Section 27 ceased to have effectiveness after July 1, 1962, and were replaced by the provisions of Section 28, Article X, Constitution of 1908, which was proposed by joint resolution of the legislature in 1960 and approved by the people at the general election of November 8, 1960. Section 28 by its own terms took effect on July 1, 1962.

Section 28, Article X, Constitution of 1908, was implemented by the legislature by the enactment of Act 108, P.A. 1961, which took effect September 8, 1961. The first section of Act 108, P.A. 1961, stated that the purpose of the act was to implement Section 28 of Article X of the Constitution of 1908. The Constitution of 1963 took effect on January 1, 1964. In anticipation of the effectiveness of that Constitution, the legislature passed Act 33, P.A. 1963, Second Extra Session, such act to take effect on January 1, 1964. Act 33, P.A. 1963, Second Extra Session, amended Sections 1, 3, 8 and 9 of Act 108, P.A. 1961, and further amended Section 7 of Act 108, P.A. 1961, as amended by Act 131, P.A. 1962. The first section of amendatory Act 33 stated that the act's purpose was to implement Section 16 of Article IX of the Constitution of 1963. Subsequent amendment has been made to Sections 2, 4, 6, 9 and 10 of Act 108, P.A. 1961, by Act 169, P.A. 1964, which act also added a new Section 4a.²

Answer to your question is to be found in amended Sections 6, 7 and 8 of the act. These sections present two situations in which you may become involved as state treasurer. The first situation is where a loan is to be made to the school district to permit the district to meet the principal and interest requirements on its bonds without a default in payment; the second is where the principal or interest on the bonds has not been paid when due upon proper presentation because of inadequate funds resulting in a default in payment.

Under amended Section 6 of the act, in any school district where the amount necessary to be levied in any year for principal and interest on

² Act 108, P.A. 1961, in its present amended form appears in M.S.A. 1965 Cum. Supp. § 3.424(111) et seq.

qualified bonds exceeds 7 mills on each dollar of the assessed valuation of the school district as last equalized by the state, such school district on or before 60 days prior to the time of certification of its tax levy to the assessing officer shall file with the superintendent of public instruction³ a preliminary application for a loan from the state in the amount of any part of such excess over 7 mills which the school district does not propose to levy in such year.⁴ Amended Section 6 specifies the information to be supplied in the application. The superintendent of public instruction if he finds the application in proper form shall approve or deny the application in whole or in part and notify the school district of his action. Amended Section 7 of the act provides that if a loan from the state shall become necessary for the payment of principal and interest on qualified bonds in accordance with an approved preliminary application to the superintendent of public instruction or by virtue of a supplemental application, it shall be the duty of the superintendent of public instruction after audit to forward to the state treasurer a statement setting forth the amount to be loaned to the school district for the payment of principal and interest and the date on or before which such loan shall be made.⁵ The superintendent shall prepare a voucher as a basis for the issuance of a warrant and upon receipt of such statement and warrant, it shall be the duty of the state treasurer to loan to the school district from the school bond loan fund the amount set forth in the statement of the superintendent of public instruction on or before the date specified therein. The state treasurer upon making such loan shall obtain from the school district a receipt for the amount so loaned which receipt shall specify the terms of repayment in accordance with the provisions of Section 16 of Article IX, Constitution of 1963 and the act. The school district treasurer upon receipt of the loan is required to deposit the same in the debt retirement fund to be

³ Article VIII, Section 3, Constitution of 1963 requires the state board of education to appoint a superintendent of public instruction who shall be the principal executive officer of the department of education and who shall have powers and duties provided by law. Section 14 of Act 287, P.A. 1964 (M.S.A. 1965 Cum. Supp. § 15.1023(14)) specifies that after June 30, 1965, a reference in any law to the powers and duties of the superintendent of public instruction shall be deemed to be made to the state board of education, subject to exceptions not pertinent here, and that the state board of education may delegate any of its functions to the superintendent. Section 300 of Act 380, P.A. 1965, creates a department of education. Section 301 of that act provides that the head of the department of education is the state board of education. Section 303 of that act transfers by a Type III transfer all powers, duties and functions then vested by law in the superintendent of public instruction to the department of education. Section 305 of the act specifies that the principal executive officer of the department of education is the superintendent of public instruction. Act 380 appears in M.S.A. 1965 Cum. Supp. at § 3.29(1) et seq. Act 380, P.A. 1965, was amended without regard to the sections involved here by Act 407, P.A. 1965. Without doubt, under the foregoing provisions the state board of education could delegate to the superintendent of public instruction the performance of all of the functions and duties imposed on the board in connection with the School Bond Loan Fund.

⁴ Other details set forth in amended Section 6 have been omitted.

⁵ Other details set forth in amended Section 7 have been omitted.

used solely for the payment of principal and interest on qualified bonds.

The foregoing summaries of the procedures prescribed by amended Sections 6 and 7 relate to the first situation above-described where the loan to the school district is to be made before the school district has defaulted in the payment of the principal or interest on its bonds.

The second situation described above is covered by amended Section 8 of the act which prescribes that in the event the principal or interest on any qualified bond is not paid when due, upon proper presentation of the bond or interest coupon to the agent or officer charged with making payment thereof, the state treasurer shall forthwith pay such principal or interest upon presentation of the bond or coupon to him. Any amount so paid by the state treasurer shall be deemed a loan to the school district made pursuant to the requirements of Section 16, Article IX, Constitution of 1963, and the act and the school district shall give a receipt therefor and repay the loan in the manner provided in the act for the repayment of loans.

The method of processing loans to school districts under amended Sections 6 and 7 before default in payment of principal or interest is adequately spelled out in those sections and no additional comment from me is necessary. Your real concern is in regard to the applicable procedures which you should follow in the situation where the school district has defaulted in the payment of principal or interest on its bonds and the bond or bonds and the interest coupons have not been paid when due by the paying agent because of lack of funds. In the event of such a happening it is assumed for the purposes of this opinion that the holder of the bond or of the interest coupon will make demand on you as state treasurer for the prompt payment of the obligation thereunder. Should such demand be made on you as state treasurer, you would be entitled to take the following action before making payment:

a. Ascertaining from the superintendent of public instruction or from the records in your own office that the bonds involved are duly qualified bonds as defined and described in amended Section 3 of the act;

b. Requiring proof reasonably satisfactory to you that the bond or bonds or the interest coupons have been properly presented for payment to the paying agent or officer charged with the responsibility for making payment thereof and that payment has been refused because sufficient monies had not been deposited by the school district for that purpose; such proof of nonpayment may be furnished you in the form of a certificate from the paying agent;

c. Notification to the school district given by you or your designee of the action taken by paying agent in refusing payment of the bonds or interest coupons on presentment because of the failure of the school district to have deposited funds with the paying agent for that purpose and verification from the school district of the fact of such failure to supply the required funds; notification to the school district by you or your designee that payment of the required amounts were to be made from the school bond loan fund by you as state treasurer and

that such payment would be in the form of a loan to the school district which the school district would be required to repay to the school bond loan fund in the manner required by law; the school district will be required to furnish you as state treasurer with a receipt evidencing the loan and specifying the terms of repayment, as required by law.

Upon the fulfillment of the above conditions in a manner reasonably acceptable to you, you would be authorized to make payment of the amounts due on the bonds and interest coupons and thereupon to demand their surrender and delivery to you as state treasurer.

Because of the safeguards built into the Michigan Constitution and statutes there should be no default of Michigan qualified school bonds. The School Loan Fund Program will have afforded the school district access to loan funds prior to the due date of the principle and interest on such bonds. In order to advise of the procedures in the remote possibility of nonpayment, however, I have set forth the foregoing guide lines.

FRANK J. KELLEY,
Attorney General.

CONSERVATION, DEPARTMENT OF: Arrests: Military Service.

Privilege from arrest granted to military personnel in actual service of the state or United States by Section 53 of Act 84, P.A. 1909, as amended, does not provide immunity from arrest for violation of conservation laws which constitute a crime.

No. 4443

August 31, 1966.

Dr. Ralph A. MacMullan
Director
Department of Conservation
Lansing, Michigan

Dear Dr. MacMullan:

You have requested my opinion concerning the extent to which the privilege from arrest granted by Section 53 of Act 84 of the Public Acts of 1909, as amended,¹ applies to violations of the conservation laws of Michigan.

Section 53, supra, reads in pertinent part as follows:

"All officers, warrant officers, and enlisted men who may be in the actual service of the state or of the United States, in all cases, except for treason, felony or breach of the peace, shall be privileged from arrest and imprisonment during the time of such actual service."

There are no Supreme Court decisions in Michigan which have construed this statutory language. There are, however, authoritative cases
